ENVIRONMENT (QHSE)
POLICY**

QUALITY, HEALTH, SAFETY AND ENVIRONMENT (QHSE) POLICY

Quality, health, safety, environment. Four components of a responsible corporate management approach based on the belief that all accidents are caused by human error and are, therefore, preventable with better training and administration

OUR VISION

ICS is engaged to meet the needs of our clients in line with the global principles of sustainable development, Responsible Care and quality management systems.

OUR PRINCIPLES

We conduct our business with respect and care for the environment and without compromising the health and safety of people, whether employees, clients or anybody around.

We continuously improve our business processes while meeting or exceeding legal or regulatory requirements and appropriate local and international standards.

We provide high quality services and products (Oil and Agro Trading) to make our clients successful and then add value to our business. We provide an environment for open and transparent communication of QHSE matters.

We admit and recognize that the skills and involvement of our employees are essential for understanding and fulfilling the needs of our company and clients.

We provide the required and necessary resources to achieve our vision.

OUR COMMITMENT

In order to follow these principles ICS will

- Integrate QHSE into its business strategies and processes.
- Manage QHSE effectively by developing, implementing and maintaining the best practice and integrated management system.
- Assess and manage the QHSE risks of the business throughout trading products quality, services management and the environmental impacts from past practices.
- Develop long term QHSE objectives to achieve continuous and sustainable improvement.
- Address QHSE issues and their impact on practices, processes, services and trading products to align our business with public and client expectations.
- Promote QHSE awareness in our business by informing, training and advising.
- Hold each staff member accountable for his commitment to our principles.
